

# TOP 4

## REASONS TO USE

# TAA-SERIES

### WHY USE IC REALTIME'S TAA SERIES?

#### 1. Made in South Korea

A TAA compliant country

#### 2. Quality Control and Reliability

Less than 1% failure rate

#### 3. Cybersecurity and Privacy

Firmware & software developed in USA

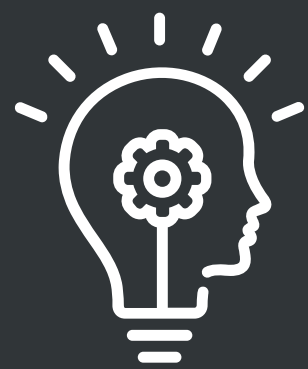

#### 4. Non-Government Owned Company

Privately held U.S. operated organization

#### A Direct Correlation

Dealers can expect higher profit margins

Products that are not made in China have recently proven to be in higher demand.

Tight quality control, efficient processes, and better materials mean more reliability.

Triple-fortified against cyber threats & no backdoor access on TAA Series gear.

Western integrators won't accept foreign government ownership & manufacturing relations.

#### Deliver Real Security

in a way that puts your customer's privacy and vulnerability concerns to rest.
